34 STOCKWELL GREEN, SW9 – Alterations:

Dear Ms Bebb,

In response to your recent letter about the above application, our comments are as follows:

Rebuilding of Rear Wing:

We are relieved to see that the new structure is similar in scale to the existing structure, and that the facing materials and enclosure are in keeping. We note that care has been taken to ensure some privacy screening between the new habitable rooms and the approach to the adjacent Stockwell Mosque.

Change of Use of Ground Floor Unit:

There was initial concern that the use of the front part of the ground floor was changed without prior permission being sought.

Now that due process is being followed, we do not anticipate any problems with the new use. We are pleased to see that adequate sanitary facilities have been included within the unit, despite the reduction in floor area.

Yours sincerely,

Hon. Secretary
